GOWREESH V T

Computer Science Enthusiast | Focused on Programming, Cybersecurity, and Web Application Development

@ vt.gowreesh43@gmail.com   🔗 https://www.gowreesh.works/   📍 Erode, Tamil Nadu

SUMMARY

Passionate about programming, cybersecurity, and software development, I am currently focused on exploring front-end development and Python programming, with certifications from Meta through Coursera. My interests extend to cybersecurity, networking, and mobile app development.

- **Skills & Technologies:**

- Front-End Development (HTML, CSS, JavaScript, React)
- Python Programming
- SQL and C/C++

- **Current Learning Focus:**

- Deepening understanding of cybersecurity and ethical hacking
- Exploring full-stack development and cloud computing
- Strengthening coding and problem-solving skills through project work

I am always eager to learn, collaborate on exciting projects, and grow as a developer. Let's connect and create something amazing together!

EDUCATION

Bachelor of Technology – BTech, Computer Science

Vellore Institute of Technology, Chennai
07/2025 - Present

Schooling

CS Academy
06/2018 - 05/2025

PROJECTS

Home Automation | SmartLinx Living

Visit https://www.gowreesh.works/smartlinxliving/ To see my work

- Built a home automation system with customizable presets, connected to a real-time database for instant device control and state synchronization.

Netflix Clone

Visit https://www.gowreesh.works/Netflix/in/

- Built a Netflix clone using HTML, CSS, and JavaScript, featuring dynamic movie content

KEY ACHIEVEMENTS

Full-Stack Project Implementation
Created and deployed a responsive web application portfolio showcasing projects and certifications, enhancing personal brand and technical skills.

Completed Front-End Development Certification
Earned a Meta Coursera certificate by completing all modules with an average score of 90%, applying skills in building responsive web projects.

CERTIFICATION

Back-End Developer
Meta through Coursera

GitHub Foundations
GitHub

SQL Associate
DataCamp

SKILLS

Frontend

HTML V · CSS III · JavaScript · ReactJS

Languages

Python - SQL - C Programming

HOW I SPLIT MY TIME

- Ⓐ College Work
- Ⓑ Programming Projects
- Ⓒ Front-End & Python Development
- Ⓓ Football & Fitness
